Join us for a bike ride from USC to CicLAvia on October 18. Along the way, we’ll learn about the upcoming MyFigueroa streetscape project, which includes safety improvements for bicyclists, pedestrians and transit users on Figueroa Street between USC and Downtown LA.

MEET AT USC/EXPOSITION METRO STATION AT 9:30AM for a short discussion about MyFigueroa project and safety tips for biking on the reconfigured Figueroa Street. Wear your group t-shirt and helmet for our photo op!

We’ll head out from there on a group bike ride through campus and up Figueroa to the CicLAvia route for a day of biking in car-free open streets.
